Items in this Schedule

1. General Correspondence

1. General Correspondence, ca. 1950-54, 3.5 in. EAR 345-220-18D

Letters, memorandums, reports and other correspondence to and from the U.S. Property and Disbursing Officer (USP&DO) for Alaska and the USP&DO for Oklahoma.

The Oklahoma USP&DO records consist exclusively of material from 354 of the War Department Decimal Filing System pertaining to field training activities of the State Army and Air National Guards for the year 1954. It is of a completely routine character, being primarily information on the transportation of troops and equipment to and from summer encampments, messing arrangements enroute and in the field, and other services in support of the field training effort.

The Alaska correspondence covers a three year period (1950-53) and includes personnel subjects (200 level files) as well as files pertaining to procurement of supplies, services, and equipment (400 level). Although the subjects dealt with would certainly be considered routine in another context, this material possesses enduring value in that it documents aspects of National Guard activity in the Alaska Territory which are undoubtedly unique in the Guard program. Of particular interest are references to the Eskimo Scout Battalions maintained as integral organizational elements of the National Guard structure in Alaska.
