TITLE: Program Management Files
Electronic Information Systems

PRINCIPAL OFFICE: Department-wide

NARA DISPOSITION AUTHORITY:

DESCRIPTION

These electronic information system files contain materials documenting the management of ongoing programs within the department. The records relate to both mission and operational programs maintained by various organizational units within the Department.

DESCRIPTION:

Original Description was inaccurate and accidentally submitted in error. New description is above. Description comes from NI-441-08-17 and does not apply to the items in this schedule.

~~These files contain materials documenting the ongoing management of programs, and routine projects for various offices within the Department. The records relate to both mission and operational programs maintained by various organizational units within the Department. The records include, but are not limited to correspondence, memoranda, internal and external training materials, staff meeting records, such as agendas, background papers, attendance lists, and meeting minutes or summaries, routine office procedures, reports relating to general policy and program matters, oversight reviews, interagency activity, research and other similar materials, and project control files showing assignments, progress, and completion of projects.~~

~~This record series EXCLUDES records covered under separate records schedules such as policy statements and directives, contract records, and organizational and program development records.~~

DISPOSITION INSTRUCTIONS:

a 1 Enterprise Management Support System (EMSS) master data files

This Federal Student Aid system is accessible via the Department's Intranet. The EMSS manages project scorecards and changes, financial information, and allows for portfolio management. System data includes staff name, email address, business unit, project related information including budget and status, and enterprise change management information.

TEMPORARY

Cut off files annually. Destroy/delete 5 years after file cutoff.

2 Operations Vulnerability Management System (OVMS) master data files

This Federal Student Aid system provides the office with controls and oversight information used to ensure FSA's operations and programs comply with applicable laws and regulations. OVMS captures FSA vulnerabilities and is used to create software inventories, corrective action plans, and milestones. The system tracks workflow and reporting and monitors, prioritizes, and remediates vulnerabilities.
