Schedule Number: NC1-026-76-02

Some items in this schedule are either obsolete or have been superseded by new NARA approved records schedules. This information is accurate as of: $\frac{4/24}{2024}$

ACTIVE ITEMS

These items, unless subsequently superseded, may be used by the agency to disposition records. It is the responsibility of the user to verify the items are still active.

Item 5a for records created before 2017

Other active items: 1-4, 6-10, 12, 14, 18, 31, 35C1&2, 36, 41-42, 46-50, 51A,C,&D, 52-53, 61-68, 72-73, 75, 77-83, 91B, 101B, 102-106, 108, 114-115, 118, 121-127, 130-131, 135-147, 149-153, 156-169, 170B, 173, 184, 193, 194, 202-205, 206A-D, 207-208, 214, 216-220, 222-223, 224B-D, 242-291, 293, 295-309, 321B, 322-323, 331, 332, 335, 341B, 342, 344-348, 350, 351, 353-359, 361-365, 371B, 372, 373-374, 376-377, 380-386, 401B, 402-403, 405-409, 411-412, 413A-G&K, 415-416, 418, 420-427, 433-435, 437-443, 445-448, 452-456, 459-472, 475-476, 479, 481, 484-497, 499-504, 511B, 512-519, 521-537, 541, 545, 547-557, 559-562, 565, 567, 571-573, 575-585, 587-589, 591B1A, 591B2, 592-594, 598, 627, 628

SUPERSEDED AND OBSOLETE ITEMS

The remaining items on this schedule may no longer be used to disposition records. They are superseded, obsolete, filing instructions, non-records, or were lined off and not approved at the time of scheduling. References to more recent schedules are provided below as a courtesy. Some items listed here may have been previously annotated on the schedule itself.

The ARO agreed to the disposition of items superseded by the GRS in an email dated 3/14/2024. Items 15, 37-40, and 54-60, 84-90, 99-100, 310-320, 329-330, 336-340, 367-370, 379, 387-400, 404, 417, 449-450, 457-458, 505-510, 538-540, 570, 590, 599-601 were reserved.

Item 5A was superseded by DAA-GRS-2015-0006-0001 but only 2017 forward.

Item 5B was superseded by DAA-GRS-2015-0006-0005

Item 5C was superseded by DAA-GRS-2015-0006-0002

Item 11 was superseded by DAA-GRS-2017-0007-0003

Item 13 superseded by DAA-0563-2019-0008-0004

Item 16 was superseded by N1-026-97-002 items 16 and 16a

COAST GUARD COMPREHENSIVE RECORDS CONTROL SCHEDULE NO. 1

INTRODUCTION

1. Function of the Records Control Schedule. The records described in this Schedule include records of the U. S. Coast Guard for which an authorized disposition has been established. Any office which has official records which are not scheduled will maintain said records and advise the Management Analysis Division (G-CMA) using procedures outlined in Chapter I paragraph 3c(6)
If of this manual so that authorized disposition may be established. These are records which will provide permanent historical backgroung and those of a temporary administrative value. Coast Guard Comprehensive Records Control Schedule No. 1 provides authority and basis for the disposition of these records at Coast Guard Headquarters.

2. Application of the Schedule.

a. The records described in this Schedule are grouped by category of record. Material need not always be identical to that described but must document essentially the same information. Authority contained in the Schedule should not be exceeded to cover significant documents not listed. Although the records are grouped in categories such as Boating Safety, Engineering etc., offices are not restricted to a particular section if more appropriate provisions are found elsewhere.

b. Provisions of the Schedule are mandatory. Material scheduled for disposal on specific dates may not be destroyed prior to that date unless proper authorization has been obtained from the Management Analysis Division (G-CMA). This applies also to the extension of retention periods or withdrawal of disposal authority. All records in the custody of records centers, other than permanent records, will be disposed of after the authorized disposition date included on the SF 135, unless <u>NO</u> is checked in item 8 of the SF 135, inwhich case the Federal Records Center will obtain Coast Guard concurrences prior to destruction of the records.

e.d. The record copy of any publication (Instruction, Notice, Manual etc.) which documents the organization, functions, policies, decisions and procedures of the Coast Guard shall be maintained by the originator as part of the official files. These records are an integral part of Coast Guard documentation deserving permanent preservation and care must be exercised to assure that they are not destroyed.

d. c. Records directly pertinent to litigation, investigation or exception by the General Accounting Office or internal auditors may not be destroyed until all action is complete. It should be stressed that disposal of any record before the retention period has expired is unlawful.

C. C. The disposal instructions for the records described herein assume that all operating requirements have been complied with i. e., posting or entries have been made, originals have been protected as indicated by appropriate operating instructions and no obvious error's have been made in filing permanent or long retention records with records of temporary value.

266. Budget Development System (BUDS). This system processes Resource ChangeProposals (RCP's) into budget requirements, provides for the analysis and evaluation of specified needs, updates the file, and provides reports reflecting the status by each request, by summary form, and in various sequences.

267. Personnel Allowance Listing (PAL). Produce reports for administering military personnel allowances; i.e., officer and enlisted billets by grade and specialty for all units. Assists three Personnel Divisions in furnishing personnel resources to meet their operational commitments.

268. Program Budget-Vessel Aircraft, Shore Station. Provides "dollar data" that is matched with unit operational data to provide the Budget Division with operating costs for ships, aircraft, and shore stations.

269. Classified Material Control System. Maintains a record of all classified material at Headquarters and produces a yearly inventory listing of all such material held by each Division. Programs Division DRAFT

270. Motorboat Registration System. The system aids in administering the numbering of certain undocumented vessels which are required to be numbered by the Federal Boating Act of 1971. The file contains 150,000 records of boats registered in Alaska, New Hampshire, Washington, and American Samoa.

271. Motorboat Accident Statistics (MBA). System provides annual reports of statistical summaries on motorboat accidents. Boating accidents are categorized according to cause, number, people involved, type vessels involved, money involved, place occurred, and jurisdiction.

272. Boating Safety Information System-Campaign Evaluation Share of Defect Notification Subsystem. System aids in monitoring defect notification campaigns being conducted by recreational boat manufacturers. The system produces campaign progress reports, campaign reference lists, and delinquency reports to facilitate the monitoring of manufacturer campaigns.

System Description

273. Electronic Installation Change and Maintenance (EICAM). Provides the status of equipment by CG Unit and failures by type of equipment.

274. Reporting of Federal Outlays by Geographic Location (OEG). Reporting of Rederal Outlays by geographic location. Provide a semi-annual report to the Office of Economic Opportunity, which classifies Obligation and Fund Accounts by geographic location.

275. Financial Accounting Integration Data. Develops a primary source of financial information for accounting transactions involving governmental funds and resources.

276. Cost Target Reporting System. This system, an extension of the Financial Accounting Integrated Data System (FINAIDS), provides operating units and higher management with an analysis of actual costs incurred as compared to targets, and calculates measures of performance.

277. District Interim Accounting System (DIAS). This system mechanized the accounting procedure. Reports, printed on terminals are primarily for district use. Certain summaries are also sent to HQ to provide an overview of the unit's activity, to enable Coast Guard-wide reporting and reconciliation and to produce a historical record of all financial transactions processed. <u>User</u>

278. Plant Property Reporting System. This system provides an interim plant property system for the Cape May and the Yorktown plant property officers. A master inventory plant property file is maintained.

279. Supply Logistics-Phase II (Buoy Body Inventory System). Supplies an annual inventory of buoys by type for each buoy support base.

280. Real Property System. Supplies an inventory and management type report on real property holdings owned by or leased to the Coast Guard.

281. Project Analysis and Control System (PAC). Provides a tool for management to control the cost of systems development and programming, measure performance, control all projects, report progress, analyze actual progress and costs in comparison to planned, maintain a history of projects and costs, determine work load and employee availability and take corrective measures.

282. FIS Job Accounting System. Specific information about each system and its programs is maintained and presented via reports to enable the various levels of management to control and coordinate the day to day operation of the Information Systems Division.

283. District Disbursment and Check-Writing System. This is an adjunct to the District Interim Accounting System. It provides facilities for monitoring and reporting disbursements and for printing vendor payment checks. User

289. Standardized Aids to Navigation Data System (SANDS) Phase I. Designed to provide accurate and timely assistance in the administration and management of the aids to navigation mission. The primary objectives are to standardize aids to navigation equipment terminology, increase the amount of servicing data collected, and reduce the data entry effort on the part of the servicing units. It is a District oriented system, utilizing District data processing terminals.

290. Simplified Aids to Navigation Data System (SANDS). System for the administration and management of the aids to navigation mission of the Coast Guard districts. Information gathered includes unit work reporting, equipment failure, aid replacement data, aid station servicing data and equipment inventory.

291. Hazard Assessment Computer System (HACS). This system is the automated portion of the Chemical Hazard Response Information Systems (CHRIS). The system consists of a Chemical Properties File, an edit/update module, a series of hazard assessment models and a report generator.

292. Pollution Incident Report- Marine Environmental ing System II (PIRS). Generates a data base of pollution incident, response, and enforcement data. Satisfies the standard pollution information reporting requirements and provides a data base which can be used to study the effectivness of the pollution enforce-
