WNRC 10-47-07-1-4/10-47-07-4-5. Boxes 25 - 44.

These records, arranged by state and thereunder by geographic locality, contain extensive information concerning equal housing opportunities in all areas of the United States of America. The records contain a miscellany of reports on housing, responses to complaints, and the progress of integration in housing up to 1970. Some of the documents contained in these records contain information on equal opportunity in housing dating back to 1954. The dates of these records correspond to the great period of Civil Rights activism in the United States in voting rights, equal employment, and housing opportunities. The records provide evidence of HUD's interest in Equal Housing opportunities, and provide extensive information concerning the status of Equal Opportunity Housing during an important period of time. These records are currently inappropriately scheduled under 2225.6/50/2, scheduling Complaint Case Files, which these records are not.

Disposition: Permanent. Transfer to NARA immediately.

Item #5 provides for one time disposition authority for records of the Department of Housing and Urban Development.

Bulk consists of electrostatic copy of legal memorandums of meetings between interested parties. Recommend that these records be retained, as the bulk of the New Community Project Administration records have been lost, and these items will provide information on the New Community Project in Granada, New York.

Disposition: Permanent. Transfer to NARA immediately.

Item #6 provides for one time disposition authority for records of the Department of Housing and Urban Development.

**6. Accession 207-79-0080. New Community Development Corporation. Implementation and Closing Files for Title VII New Communities Bond Guarantees Approved by the New Community Development Corporation. 1971 - 1977. 12 cubic feet.
WNRC 10-15-32-2-1/10-15-32-3-6. Boxes 1 - 12.**

Unarranged by Community. Thereunder by unknown filing system. These records contain information on two "New Community Developments" for which bonds were supported by the Department of Housing and Urban Development, Granada, New York (near Rochester, New York), and Flower Mound, Texas (near Dallas, Texas). Information found in these files include economic evaluations, copies of correspondence concerning the prospects of these communities, maps and blueprints of the communities, promissory notes, project agreements between developers and HUD, annual reports, etc. These records appear to be disposable under 2225.6/60/3. It appears, however, that permanent microfilm was not created of New Community records as specified under 2225.6/60/5-6. As the records provide a detailed example of two New Community Projects, both of which were acquired by HUD for the disposition of their assets, they may provide a default sample of New Communities efforts.

Disposition: Permanent. Transfer to NARA immediately.

Item #7 provides for continuing disposition authority for records of the Department of Housing and Urban Development that are located in the agency, stored at all NARA facilities, and which may have been previously transferred to NARA custody by HUD.

7. Department of Housing and Urban Development. Office of the Inspector General (OIG). Audit Case Files. 1982 - (Multiple accessions listed at the end of item 7).

a. Case files of OIG audits of HUD programs, operations and procedures, and internal audits of contractors, mortgage companies, and grantees. Consists of audit reports, correspondence, memoranda, and supporting work papers. **Formerly scheduled under 2225.6/3/79/c (NC-207-85-1, Item 79c).** It appears that HUD has charged out OIG Audit records at, or close to, the normal eight year destruction period called for by 2225.6/3/79/c. Therefore I recommend a **10 year retention period** for these records.

Disposition: Cut off at the end of fiscal year in which case is closed. Destroy 10 years after cut off. (Supersedes 2225.6/3/79/c).

****Note: If there are any particular audit case files that contain records of sufficient historical value to warrant permanent retention, HUD should identify such projects on an SF 115 for individual appraisal.**

b. Electronic copies of records that are created on electronic mail and word processing systems and used solely to generate a recordkeeping copy of the records covered by item 7a in this schedule. Also includes electronic copies of records created on electronic mail and word processing systems that are maintained for updating, revision, or dissemination.

1. Copies that have no further administrative value after the recordkeeping copy is made. Includes copies maintained by individuals in personal files, personal electronic mail directories, or other directories on hard disk or network drives, and copies on shared network drives that are used only to produce the recordkeeping copy.
