Form NA-1005 Revised: 09/2021 Verification for the Use of GRS 6.1, Email Managed Under a Capstone Approacl

#### SECTION A: GENERAL BACKGROUND INFORMATION (GRS 6.1, item 010)

This section captures general information about the agency and the scope of Capstone implementation. This includes: 1) name of the agency to which this form applies; 2) applicable record group number; 3) selection of which GRS 6.1 items the agency is proposing to use; 4) information on implementation scope, such as whether agency-wide or limited to a specific component/office, as well as information on legacy email.

NOTE: One form is required for each unique implementation plan (for example, if implementation is limited to two program offices, but each program office differs in their implementation, one form for each required) and/or per record group (RG) included (for example, a department implementing Capstone on behalf of their components which have separate record group numbers would need to submit one form per component/record group). This ensures that all position are appropriately identified and documented. As a general rile, each record group will require a separate form.

If applicable, please include in this section all other RGs for which your agency is submitting a separate form (for example, "The department will also be submitting forms for the following additional components: [list of components, with their record group number]."	NARA will not be using Item 12. Emails for Support and/or administrative positions will use Item 11, Email of Non-Capstone officials. Capstone officials may use Item 11 for temporary records that are covered under GRS items, such as those relating to human resources. Capstone and Non-Capstone officials may retain or delete non-record email and transitory records at their discretion.

Legacy Email Scope. Agencies using this GRS are expected to apply the items being used to all legacy (existing) email. Please provide any general information on legacy email below (for example, "no legacy email exists for this agency, as traditional records management with a print-and-file policy was enforced prior to Capstone adoption" or "agency will be including legacy email for all items being used, dating back to approximately 2010.")	Email records management via a print-and-file policy was enforced prior to Capstone adoption (January 22, 2013). Therefore, paper copies of email messages prior to that date are considered to be the record copies; electronic versions of these messages (where still available) may be incomplete and were considered convenience copies. However, available legacy email migrated from the previous email platform (Groupwise) to the current system may be declared as records. If declared as records they are covered under this Capstone policy.

#### **Form NA-1005**

Verification for the Use of GRS 6.1, Email Managed Under a Capstone Approach

#### SECTION B: List of Capstone Accounts (GRS 6.1, item 010)

This section captures a listing of all positions or roles that fit into the definitions provided in item 010 of GRS 6.1. This section is broken down to correspond to the ten categories provided under item 010.

Some agencies may not have any positions for certain categories. Please explain why, under each applicable category. (For example, "We do not have any regional administrators" or "These positions are included under another submission" or "all the positions in this category are already covered in other categories.") Please refer to GRS 6.1, the FAQs about GRS 6.1, and the definitions provided within each category of this Form for additional information on which positions must be included in a Capstone approach.

This section is required even in instances where only the temporary items (011 and/or 012) are being used, in which case it acts as an exception list. NOTE: the list should be of positions or roles (for example, "Secretary"), not specific individual names or email addresses (for example, "John Smith" or "John.Smith@agency.gov"). Agencies may summarize or condense specific levels of management, rather than repeat positions. For example, an agency may input one entry for "All Under-Secretaries" with a position total that represents the number of said positions, rather than listing out each specific Under-Secretary.

Each category (1 through 10) as defined by GRS 6.1, item 010, has its own tab within this workbook. Each tab has three parts: Part (a) for ACTIVE positions -- those positions that are to remain as permanent; Part (b) LEGACY EMAIL ONLY positions -- those positions which are no longer permanent from a certain point forward (either because they have been eliminated from the organization, or the duties changed making the position inappropriate for inclusion as permanent in any category), but still have permanent legacy email; and Part (c) for REMOVED positions -- those positions previously approved as permanent,

(a) ACTIVE PERMANENT POSITIONS, DAY-FORWARD AND LEGACY. List ALL those positions that: 1) have not changed since any previously approved submission; 2) are new to this category, either because the position is new to the agency, the position has been reappraised as having permanent email, or this is the agency's first submission; 3) have been changed in regard to position title, number of accounts, and/or number of positions; or 4) are being moved from another permanent category to this one. This section will include all roles and positions that have permanent email, both day-forward and legacy. The "number of positions" will usually be "1," but may be higher for those positions being condensed / rolled-up, such as "all Under Secretaries," or "all Board Members." The "number of accounts" is a total of all email accounts for the corresponding "number of positions" -- for example, if there are 2 Under-Secretary positions listed, and each has 3 assigned email accounts, the total accounts for this field would be 6.

NOTATING THE CHANGES: The "Summary of Changes from previous submission" field includes a drop-down list of possible changes that may have occurred since the previous submission. This field helps facilitate review of the new submission by NARA. Please select the scenario that is most appropriate. Most positions being carried forward from a previously approved form can likely be noted as "No change." Other changes may include: number of positions increased / decreased (generally for those position titles that are rolled-up); number of accounts increased / decreased; the title of the position has changed; the position is new to the agency (and thus was not on previously approved forms); the position has been moved from one category to another (for example, a position was approved as Category 2 in a previous submission, but was deemed more appropriate for a different category; or the position has been reappraised as permanent (was not deemed appropriate for inclusion on previously approved forms, but now is). If none of the options apply, please select "other" and be prepared to discuss the changes with your NARA Appraisal Archivist during review of the form.

(b) PERMANENT LEGACY EMAIL ONLY. List ALL positions that: 1) no longer exist (have been eliminated from the agency) but still have legacy email that needs to be managed as permanent; or 2) are being reappraised as temporary for a certain date forward, but legacy email will remain permanent. This section will include all roles and positions that have legacy permanent email to manage, but no permanent email from a certain date forward. Roles / positions in this section may be dropped from this form after the final transfer of all permanent legacy email to NARA. Select the most appropriate option from the drop-down list for "Summary of Changes from previous submission." Notate the calendar year that that permanent email for the related position has ceased. This section documents -- in these cases -- that even though the position has been eliminated from the active permanent list, there will still exist legacy permanent email to be managed.

(c) REMOVED POSITIONS – CHANGE FROM PERMANENT TO TEMPORARY. This list is for those positions that were approved as permanent on a previous form, but are now proposed as temporary. These are positions now deemed inappropriate for inclusion in any category under GRS 6.1, item 010. In these cases all email, both day-forward and any existing legacy email, may be

**TOTALS.** The second tab of this workbook auto-totals the number of all permanent positions and accounts for each of the 10 category tabs. These numbers must be input into ERA to document the total number of positions and accounts proposed with permanent email for the agency.

agencies, and components within cabinet level agencies, this may be a Commissioner, Administrator, Director, or a specia	lized title (such	h as "Archivist	of the United States"). For other agencies, including Commissions and	
Boards, this may be a Chairman, Executive Director, a group of Commissioners, Council Members, Board Members, or the	e equivalent. N	ost agencies v	will have one position for this category (although the one position may	
have multiple email accounts); some agencies, such as Commissions and Boards, may have multiple positions in the categ	gory. *If no pos	itions are iden	tified, please briefly explain why (for example, "Not applicable; no
