* 1	<p><b>FCA Computer System - Backup Files.</b></p> <p>FCA routinely makes backup copies of the files stored on FCA's computer system in order to have the capability to restore files that have been damaged or inadvertently erased. An annual backup is typically performed on October 1st each year.</p> <p><b>DISPOSITION:</b></p> <p>a. <u>Monthly/Weekly/Daily backups.</u> - Delete when no longer needed to restore files or when 2 years old whichever is sooner.</p> <p>b. <u>Annual backup files.</u> - Delete when 3 years old.</p> <p><i>Justification for exception to GRS: Based on past experience, FCA has needed the annual backup files longer than the "subsequent backup" referenced in GRS 20, item 8. We have used them in order to restore older database files.</i></p>	GRS 20, item 8	WITHDRAWN

\* Withdrawn by agency, 2/25/2000. *RM*

	<p>-in some cases Loan Performance Reports and F&amp;Rs have been retired in same accession). The current retention schedules (N1-103-88-2.1[c]2 &amp; N1-103-88-2.1[d]1) call for their destruction when they are 30 years old. The responsible office at FCA has reviewed these records and determined which ones are no longer needed for Agency business. After this schedule is approved, FCA will permanently withdraw the accessions that have both F&amp;R's and Loan Performance Reports in them, destroy the LPR's and the F&amp;R's that have been entered in the Consolidated Reporting System. FCA will then re-retire the F&amp;Rs that are still needed for the 30 year retention.</p>
