**BUREAU OF ECONOMICS**

The primary function of the Bureau of Economics is to advise the Commission on economic, mathematical, and statistical matters. It provides analytical and informational services in these areas to assist the Commission in its policy and case decisional processes. It defines requirements for economic information needed by the Commission for its regulatory purposes. The Bureau assists the Commission in recognizing the presence, nature, and significance of economic issues and problems in the industries it regulates and as they arise in the process of regulation; improves the quality of the evidence and analysis submitted on such issues in proceedings and the quality of the scrutiny to which such evidence is subjected; and assists the Commission in the formulation and evaluation of policy on the basis of sound economic principles and evidence.
