KEY INDICATORS FILE

This records series includes files that are associated with the key indicators effort in TVA. The effort to measure TVA's overall performance by key indicators was started in the fall of 1994 and meetings of executives and employees were held in 1995 and 1996.

Key indicators were used to identify actions to be taken to improve performance to meet the strategic goals. Key indicators also helped Executive Committee/Business Council to understand how they could make complimentary and supporting decisions in their functions in order to achieve the overall strategic goals.

Key indicator review meetings were held monthly, reviewing 4 of the 12 indicators. The purpose of the review of key indicators was to educate TVA executives and employees about TVA's business drive performance improvement. Chief Officers were permanent reviewers, other officers rotated in as reviewers. Indicators were analyzed for performance problems. Root causes were identified and removed, yielding performance improvements

This business sensitive file contains various aspects of key indicators efforts such as business council's meetings on selecting key indicators, reviewing key indicators, key indicators status summaries, and business meeting agendas.

DISPOSITION

A. Record Copy

PERMANENT. Transfer to NARA as a segment when the latest records are 30 years old.

All other unrelated records.

Remove during archival processing and destroy immediately.

C. Electronic Mail and Word Processing System Copies.

Electronic copies of records that are created on electronic mail and word processing systems and used solely to generate a recordkeeping copy of the records covered by the other items in this schedule. Also includes electronic copies of records created on electronic mail and word processing systems that are maintained for updating, revision, or dissemination.

a. Copies that have no further administrative value after the recordkeeping copy is made. Includes copies maintained by individuals in personal files, personal electronic mail directories, or other personal directories on hard disk or network drives, and copies on shared network drives that are used only to produce the recordkeeping copy.

Destroy/delete within 180 days after the recordkeeping copy has been produced.

b. Copies used for dissemination, revision, or updating that are maintained in addition to the recordkeeping copy.

Destroy/delete when dissemination, revision, or updating is completed...
