1. RECREATION RESOURCES MAP FILE (1933 to Present)

This series consists of maps of recreational facilities that were built and operated by TVA on selected reservoirs and reservations to help meet the need for public access to lakes and for use of TVA lands and shorelines. Recreational areas designated and developed by TVA are boat-launching ramps, day-use areas, group camps, public campgrounds, and informal public use areas. These maps are site plans created and used to construct these facilities on and off TVA land throughout the Valley. The plans are also used to record changes and revisions to facilities.

The maps are for recreation areas on the following TVA reservoirs:

Wilson Reservoir, Widows Creek, Beech River, Blue Ridge, Boone Reservoir, Chatauge Reservoir, Ocoee Reservoir, Nottely Reservoir, Guntersville Reservoir, Nickajack Reservoir, Cherokee Reservoir, Melton Hill, Hiwassee Reservoir, South Holston Reservoir Subdivision Plans, Douglas Reservoir, John Sevier Steam Plant, Normandy Reservoir, Fort Patrick Henry, Gallatin Steam Plant, Great Falls, Guntersville Reservoir, Hales Bar, Chickamauga, and Norris

Consecutive dates are 1933 to 1974; however, more maps could be created if new recreation areas are constructed after August 1988. The maps are oversized and are rolled up and stored in 10 boxes, each measuring 6" X 6" X 44" (approximately 9 cubic feet).

The site plans for the period 1933 to 1970 have been transferred to microfiche. Estimated volume: 1/3 cu. ft.
