The destruction of these general correspondence files was recommended in Appraisal Job NC3-220-81-6 (see enclosed recommendation), which accessioned the records of the National Commission on Social Security. These records consist of routine general correspondence and subject files and also contain the correspondence of the executive director and the commissioners.

The executive director's and commissioners' correspondence is duplicated in records retained permanently for this Commission. As adequate permanent records have been retained to document the work of the National Commission on Social Security, NCl-220-81-2 should be approved.
