ITEM NO.	**DESCRIPTION OF ITEM (With Inclusive Dates or Retention Periods) To request a revision of the retention periods for records transferred to the Federal Records Center (FRC) under Accession Numbers 412-77-0051, 412-77-0056, and 412-77-0065. These records are Registration Jackets. Records consist of Application for New Registration of a Pesticide (EPA 8570-1) Confidential Statement of Formula (EPA 8570-4), Enforcement Action (PR5-15), request to sub-register, product label, label-change recommendations, reports and data supporting label citations, enforcement case reviews and cancellation notices. These documents will be maintained on microfilm. The subject records were not microfilmed before they were transferred to the FRC. Therefore, we are requesting that new retention periods be established because it is not cost effective at this time to retrieve the records from the FRC solely for the purpose of creating a microfilm copy. The proposed new retention periods are identical to the 15 years for the microfilm to be retained. Accession Number Disposal Date		9. SAMPLE OR JOB NO.	10. ACTION TAKER
