This item covers the Agencywide Documents Access and Management System (ADAMS). ADAMS is the NRC electronic information system that maintains the agency unclassified official programmatic and administrative records in a centralized electronic document repository. This item covers the system coding and software.

2. ADAMS software and Coding

Software and coding pertaining to FileNet, CustomCode, and ForeMost applications which are required to maintain and operate ADAMS.

Authorized Disposition:

Delete one year after software and associate coding are replaced, updated, or superseded by FileNet, CustomCode, and ForeMost, or when software and coding is no longer needed, whichever is later.
